SPE Denver Section

9 February 2024

Dear Board Members and Members of the Society of Petroleum Engineers Denver Section,

As my term as President of the Society of Petroleum Engineers comes to a close, I wanted to take a moment to express my heartfelt gratitude to each and every one of you. Serving as President has been an incredible honor and privilege. It has provided me with the opportunity to work alongside some of the brightest minds in the industry and witness firsthand the dedication and passion that drives our organization forward. Together, we have achieved remarkable milestones and made significant contributions to the field of petroleum engineering.

I am truly grateful for the unwavering support, trust, and guidance that the Board members have extended to me throughout my tenure. Your collective wisdom, experience, and commitment have been instrumental in shaping the strategic direction of our society. Your tireless efforts to uphold our mission and promote excellence in our profession have been truly inspiring.

To the members of the Denver Section, thank you for your active involvement and invaluable contributions. It is your enthusiasm, expertise, and collaboration that make our society vibrant and impactful. Together, we have fostered an environment that encourages knowledge sharing, innovation, and professional growth, elevating the standards of petroleum engineering globally.

I would also like to extend my gratitude to the dedicated Board Members and volunteers who work tirelessly behind the scenes to ensure the smooth functioning of our society. Your hard work and commitment to excellence have been the backbone of our success, and I commend you for your unwavering support.

As I reflect on my time as President, I am filled with immense pride for what we have achieved together. From organizing successful conferences and technical conferences to education initiatives, our collective efforts have left a lasting impact on our profession.

It is with deep appreciation that I bid farewell as President of the Society of Petroleum Engineers Denver Section. I am confident that under the capable leadership of the incoming President Phillip Ouellette to our society will continue to thrive and reach new heights.

Once again, thank you all for your support, dedication, and friendship. I am grateful for the opportunity to have served as your President. I look forward to continuing my association with the Society of Petroleum Engineers and witnessing the continued success of our collective endeavors.

Warmest regards,

Davis Scott

2023 DENVER SPE

GOLF TOURNAMENT
SCHOLARSHIP FUNDRAISER

FRI AUG 11
THE RIDGE AT
CASTLE PINES NORTH

EARLY REGISTRATION FOR SPONSORS OPEN UNTIL JUNE 1!

Dear Fellow SPE Golf Sponsors:

The Denver Section of the Society of Petroleum Engineers is pleased to announce our annual golf tournament on Friday August 11th at The Ridge at Castle Pines North. As in previous years, breakfast, lunch and dinner will be included. Separate award ceremonies and raffle drawings will take place immediately following each flight, thereby eliminating the need to return in the evening to collect prizes.

The proceeds from the tournament benefit the SPE Scholarship Fund and are distributed to petroleum engineering students in the Rocky Mountain Region. Our 2022 tournament resulted in a donation of over \$36,000! We constantly strive to exceed the previous years' donations and to do so, we will need the continued support of your organization.

The majority of the scholarship money comes from your generous sponsorship and support. Those companies generously donating \$1,500 or more will receive the ultimate recognition as a Platinum Sponsor. Likewise, companies donating \$1000, \$500 or \$300 will be recognized as Gold, Silver, or Bronze sponsors. The sponsoring companies will be recognized at the tournament and in the SPE Newsletter.

Click [here](#) to register or visit the Denver SPE website at Denver.spe.org

Please contact Sam Armstrong at denverspegolf@gmail.com with any questions or concerns with registration.

Please pass this letter along to your coworkers and friends in the Industry.

The facilities at The Ridge at Castle Pines North are spectacular and challenging. We hope that you can be a part of the 2023 SPE Golf Tournament with both your contribution and your participation. Your support is truly appreciated.

Best Regards,
Chris Guidry

59% Pass 2022 Petroleum PE Exam

NCEES and the State Engineering Boards released their 2022 Professional Engineering Exam results. Nationwide, the Petroleum Engineering Exam recorded a 59% pass rate. The Petroleum first time takers passed at a 65% rate. The pass rates for a few other engineering disciplines were:

- Chemical 64%
- Agricultural 71%
- Civil 62%
- Fire Protection 55%
- Electrical 58%
- Industrial 67%
- Environmental 54%
- Metallurgical 65%
- Mechanical 69%
- Mining 58%

Nuclear 71%
Control Systems 73%

What are the requirements to take the Petroleum PE Exam? Today, Colorado requires that you have:

1. An engineering, math or science degree.
2. Passed the Fundamentals, or FE Exam.
3. At least four years of professional experience.

Interested? Contact the Colorado State Engineering Board at (303) 894-7800 for application forms. State web sites are also available at: www.ncees.org/licensure/licensing_boards. The Colorado application deadline to take this years PE Exam is June 1, 2023. This year's PE Exam will be given on Monday, October 23, 2023.
